Angelo Luis C. Dela Vega is a 22 year old 4th-year student currently pursuing a Bachelor of Science in Information Technology with a major in Web and Mobile Application (BSITWMA). Throughout his studies, Angelo has developed strong skills in web and software development, including proficiency in HTML, CSS, C++, Python, and JavaScript. Aside from his academic pursuits, he enjoys a variety of hobbies such as playing games, playing musical instruments, listening to music, and traveling. With a passion for both technology and exploring new experiences, Angelo is eager to step into the tech industry and make a mark with his skills and interests.
